The Hunt

Candlemas Week 4th Hunt!!
5th Hunt Begins!

THE HUNT is a word game inspired by James Joyce's book, "An Excellent of Lark", where we propose a variation. The players are asked to propose a collective ruse to fit, such as "lock" for "strong" or "pride" for "toos". Boris and Mr Nae will mark each entry for each word and the best word will be the winner. Each word is a possible 1 point, but the point will be split if other more than one player suggests the word or two or more words are staked equally. The first player to score 10 points wins all the points of this rig. THE HUNT is run in 10 minutes rounds. We repeat the fourth Chase of the 4th Hunt & begin the 1st Chase of the 5th Hunt. Goodluck. To the Hunt!

We only arrived late because Mr Genservant's suggestion, and that was from Mr Nae who liked the idea but didn't think he'd play because he had a hard enough time with the regular Hunt. Which brings up the question, who'd play? Doubtful still, how do I set up the problem? For now, we'll just run another regular Hunt.
